5. Advice received from Camden that all potential development sites only eligible to be aspirational and therefore do not require a viability appraisal (and the Plan will not trigger a Strategic Environmental Assessment). Aspirations for 27 Redington Gardens and 1 Platts Lane unlikely to be achievable, as they do not envisage more than the current number of 41 and 20 residential units, respectively. Feedback being provided by Camden.
6. Circulation of draft Policies to residents submitting feedback in June/July
7. Completion of Evidence Base research – to be written up using format supplied by Hampstead
8. Graphic design
9. Update on Assets of Community Value
11. Agreement to submit the draft Plan to Camden for comment and checking?
12. Volunteers for community engagement team and future events
13. Date of next Forum Committee meeting
14. AoB
