

NATURAL ENGLAND ACCESSIBLE GREEN SPACE STANDARDS (ANGST)

Natural England's accessible green space standards (ANGSt) stipulate that:

- no person is to be located more than 300 metres from the nearest natural green space of at least 2 hectares (ha) in size; and
- the provision of at least 1 ha of Local Nature reserve per 1,000 population.

This contrasts with a provision per 1,000 population for the Frognal and Fitzjohn's ward of just 0.04 ha per 1,000 population in 2016-17 and a projection of 0.07 ha per 1,000 population in 2041.

GLA Sites of Importance for Nature Conservation within the Frognal and Fitzjohn's Ward

GLA Ecological Designations	SINC size (ha)		Ward population		SINC ha per 1,000	
	2016	2041	2016	2041	2016	2041
Frognal Lane Gardens (privately owned) CaL07	0.55	0.55				
King's College Hampstead Campus CaB1109	0	0.40 e)				
Total	0.55	0.95 e)	12,949	13,467	0.04	0.07
